G. W. V. A. Convention Members Make Some Strong Remarks On the Dominion Executive

Lengthy Discussion Takes Place Following Report by Tom Dace—Members Charge That Committee Was Bought by Government of Thanks Is Finally Passed to Mr. Dace for His Report

EDMONTON, December 10.—The Dominion Executive Committee of the G. W. V. A. met this morning at the Hotel Alberta for the purpose of discussing the report of the Dominion Executive Committee. The report was read by Tom Dace, secretary of the committee, and was a lengthy and somewhat controversial document. It dealt with the activities of the Dominion Executive Committee during the year 1919, and the results of its various campaigns. The report was well received by some of the members, but it also drew forth a number of strong remarks and criticisms. The discussion was particularly lively when the report dealt with the activities of the Dominion Executive Committee in connection with the war effort. Some members felt that the committee had been too closely allied with the government, and that its actions had been dictated by the government rather than by the interests of the G. W. V. A. itself. The discussion continued until late in the afternoon, and finally resulted in the passing of a resolution of thanks to Mr. Dace for his report. The resolution was passed by a majority of the members, but it was clear that the committee's actions had been the subject of considerable controversy.

CUTICURA HEALED BABY'S RINGWORM

On Head, Cross and Forehead, Hair Fell Out

"When my baby was three months old he had broken out in little red bumps on his head and neck. I tried everything I could find in the drug store, but nothing seemed to do any good. I then tried Cuticura, and in a few days the bumps were all gone. I used Cuticura several times, and the bumps never came back. I am sure that Cuticura healed my baby's ringworm. I have since used Cuticura on my own skin, and it has done me a great deal of good. I can heartily recommend Cuticura to anyone who has skin troubles."—Mrs. J. L. Smith, 1234 Main St., Edmonton.

SHORT TRAINING COURSE for SCHOOL TEACHERS

AN EMERGENCY PROVISION

There is still a great need for more teachers in Alberta. On account of the increase in the number of children attending school, a full year, there will be no class of graduates at Christmas this year. This will naturally aggravate the present shortage. Plans are being made to establish an additional teacher-training institution in Edmonton just as quickly as possible, but in the meantime this—the transition year from the short normal term to the long—is fraught with special difficulties.

PROPOSED SHORT COURSE

As an emergency measure, to meet the present extraordinary conditions and for this year only, the Department of Education has decided, providing a large number of students can be secured, to offer a short course of training for persons with the necessary academic standing to enable them to qualify for initial certificates. This course will cover twelve weeks, opening January 5th, continuing until March 26th, 1920. It will be given in the city of Edmonton, and will enable the student to a temporary certificate, valid until January 1st, 1921. The holder of one of these temporary certificates, who desires to complete his training in order to secure a permanent certificate, will be entitled, providing he has had successful teaching experience, to admission to a normal school at the New Year, and may complete his training by taking the advanced period of the regular normal course, running from January 1st to the end of April in any year.

WHO MAY ENTER

Anyone holding the Grade XI diploma, its equivalent or higher qualifications, may enter. In the case of returned soldiers, however, Grade X standing or its equivalent will be accepted as sufficient qualification.

FINANCIAL AID

All students enrolling for this course will be eligible for government loans, just as those taking regular Normal Course, the maximum loan granted being \$50 per month or \$150 for the course.

APPLICATIONS BY DECEMBER 23

All who wish to enroll for this course are urged to communicate with the Department of Education before December 23rd. This information must be in hand by that date to enable the department to arrange for the necessary buildings, staff and equipment. While no applications will be received after this date, the course will not be given unless a sufficient number enroll before December 23rd, to justify the department in proceeding with arrangements for the necessary arrangements.
